Newsletter

November 2016

FROM THE PRESIDENT'S DESK

As this is the last newsletter for 2016 it gives me an opportunity to acknowledge the hard work of our Class Coordinators who with the assistance of their support teams have facilitated the growth of the membership of WU3A to 663 members and have overseen the delivery 88 classes. The majority were weekly activities through 2016.

I am also pleased to confirm that WU3A has reached agreement with the City of Whittlesea council for WU3A to be allocated office administration space within the Seniors Resource Hub being established within the Peter Lalor College precinct. The arrangement will see WU3A working closely with the City of Whittlesea Positive Aging Team who are also being relocated into the hub.

It is very exciting that WU3A has been included in the Seniors Resource Hub and that the arrangement will enable WU3A to retain the use of the TALEC rooms at May Road Lalor to continue to provide our current classes from that location. Trivia, Share a Meal, Carpet Bowls, Italian, French, Yoga, singing for Joy, French, Snooker, Social Games and Technology Classes will continue to be provided at May Rd.

Walking Football that was an event included in the Young at Heart Games organised earlier in the year by the Council Positive Aging Team has now been added as a regular activity to our 2017 program. This has been made possible through the support of Melbourne City Football Club and the securing of a regular booking at the Mill Park Netball Stadium. Men and Women can participate; no experience is necessary and it offers an excellent opportunity for our members participating in the program to meet seniors from other communities. I would like to recognise Michael Murray's good work in bringing this one-off trial to become a regular program in 2017.

A committee working group has been formed to work on identifying and developing new class activities that can respond to member interests. The working group will investigate the level of interest for new classes suggested, identify a Tutor / Facilitator and secure a venue to enable new activities to be added to the WU3A program. I place a high priority on ensuring that WU3A is offering classes and activities that are engaging and relevant to our members.

At the November morning tea, the WU3A bear dressed in his / her WU3A jacket commenced his / her journey to participate in WU3A activities and provide stories of his / her experience for posting on the WU3A website.

I would like to take this opportunity to wish all members and their families a very merry Christmas and please enjoy quality time with your families. Looking forward to seeing you all back as members in classes in 2017.

**GLEN WALL

The students of WU3A's Beginners Computer Class have provided wonderful feedback and their comments are reproduced below:

Computer Very Basic -Total Beginners

" This class has been so helpful to us in many ways. When we first started, we didn't know how to turn on a computer; how to use the mouse; didn't know what all icons meant; nothing regarding developing documents or files.

The good thing of this class is that the Tutor has shown us patiently over and over again. I have learnt a great deal, feel more confident and I'm happy to be involved in this class". Ovule Mihailidis

" I joined the class at the end of second term, with no knowledge of the use of a computer.

The conclusive environment, has helped me to absorb the teachings and has been able to use the computer a bit more now". Yean Phin Khoo

" I didn't know anything about computers, but after attending U3A's class "Computer Very Basic - Total Beginners", I have gained so much knowledge. I look forward to going to every class". Maria Montesano

" Joining this computer class of 2016, as a complete novice at first I found it daunting at first. However, With the Tutor's patience and guidance, soon I settled in and slowly things started to make some sense. It is a pleasant atmosphere in which to learn. I hope to resume again in 2017". Gloria Miller

Mr Gerard Mansour
Commissioner for Senior Victorians

Gerard Mansour is a highly respected and passionate advocate for the needs of older people. With over 25 years of leadership experience within the aged and wider community services sectors, Mr Mansour contributed significantly to industry capacity building, policy development and enhancement of services for older Australians.

Following the recent Royal Commission into Family Violence, Gerard Mansour issued his report and an extract of the report is detailed below.

Elder abuse - a community issue

"In our society, partners, families and friends provide an enormous amount of support for older people. Most of the time, this support is focused on the expressed wishes and needs of the older person and I want to record my appreciation for the great amount of love and care provided by partners, families and friends - in many cases on a daily basis.

However the release of the report of the Royal Commission into Family Violence is a timely reminder that there are older people in Victoria who sadly are at risk of, or experiencing, elder abuse.

Elder abuse is defined as any act which causes harm to an older person and is carried out by someone they know and trust, such as family and friends. It is a form of family violence, in that most perpetrators are family members.

And so, while the majority of family and friends provide exceptional support, others turn this on its head and seniors become victims of their dependence on others, suffering financial, physical, psychological and other forms of abuse.

It is clear to me that for many older people, the experience of elder abuse can be a difficult issue to discuss.

I have observed that a significant number of seniors are not aware of resources that are available to assist them. Many older people have limited knowledge about services such as Seniors Rights Victoria, funded by the Victorian Government to provide a telephone helpline 1300 368 821 and a free and confidential legal advice, advocacy and referral service for older Victorians at risk of or experiencing elder abuse.

The Seniors Online website has information about [elder abuse](#) and [Seniors Rights Victoria](#). For older people who do not have access to the internet, hard copy information is available.

The report of the Royal Commission into Family Violence findings and recommendations include addressing the needs of older people affected by elder abuse. The Royal Commission found that older people should be encouraged to seek help and to know where it can be found."
