

DOREEN (CITY OF WHITTLESEA) RELAY FOR LIFE IS CELEBRATING ITS 6TH BIRTHDAY

COME AND JOIN THE CELEBRATION!

Relay For Life is the only event of its kind in the City of Whittlesea, where we celebrate, remember and fight back against cancer! Relay For Life is a community event where teams walk 'Relay-style' around the track overnight to raise much needed funds for Cancer Council Victoria. **These funds help to support the 743 people diagnosed with cancer every year in the City.**

How you can get involved:

- Register a team and put the FUN in fundraising
- Great team building for sport clubs and community groups, schools
- Financial or in-kind sponsorship from local business and community members
- Join the volunteer planning team and help us organise this event or volunteer on the day
- If you are an allied health organisation we are keen to find ways to incorporate your services into the event to educate the community on the benefits of being healthy
- Sponsor or partner with us and we can work together to provide your business exposure to the local community through tailored branding and marketing
- Come down on the day and be a part of this memorable overnight experience

We are calling on the entire local community to come along to this year's Relay and help us support and celebrate this milestone.
