WELCOME TO TERM 3

Hello Everyone,

Welcome to Term 3. We have some new classes this term and unfortunately say goodbye to others. I have included a list of the classes with vacancies for term 3 as well as some specific ads for some new and revised ones.

As this is the first WOTZON since the Birthday Lunch, I would like to thank all those who attended and hope you had a good time. I would also like to thank all those who assisted with the preparation and setting up of the event. Your help was greatly appreciated not matter how small you think it was.

END OF YEAR EVENT A survey was sent out a week or so ago to gather member opinion about an end of year event. The options were:

- A 2/3 course seniors' meal (probably at the RSL) with prizes and fun - no dancing cost approximately \$30 (soft drinks included) ;*
- A meal at a function centre with set menu and dancing (soft drinks may be included) approximate cost \$80 to \$100;*
- Final choice not really interested in attending a function.*

The majority of returned responses (emailed, texts and phone calls etc) showed a preference for Option 1 so the proposal is going to the committee to be confirmed and a class will be advertised as soon as possible. If you would like to contact me with your viewpoint and you have not done so yet, use the contact details below.

Thank you

Natalie Lim, Communication Manger/Course Coordinator

INFORMATION TO TUTORS - this is a copy of an email sent to you during the week

Until the middle of August tutors will be UNABLE to access information about their class/es or email their students through the UMAS system. If you need to contact the members of your class through the automated system please email me the information you need to provide them and I will do it for you. During the week I have emailed all tutors with their enrolment and attendance lists and if you have not told me that you need yours printed and left at the office please do so and I will arrange it.

We apologize for this inconvenience but there are times when trying to fix one aspect of technology causes a problem in another area. Tutors will be notified when the problem has been fixed.

A NEW COMPUTER class is starting tomorrow July 11th at Thomastown Library beginning from 10.30. In this class, called Computers for Advanced Beginners 221MON25, Ben our tutor will discuss all aspects of computer use including OFFICE. If you are interested in this class you need to have a good understanding of computer use and have a desire to increase your knowledge. IT IS NOT A BEGINNERS' CLASS. Please contact me if you need further information or attend the class and discuss your questions with Ben.

iPhone and Android and photography class 222TUE24 commencing Tuesday 19th July

This activity, which is based in a new location, provides you with the opportunity to learn how to take photos on your iPhone or Android and then return for a chat and morning tea. Learn how to use the photos you take and edit them, place them on Facebook or WhatsApp, send using Messenger, text message or email. The session is a casual activity for you to learn more about your phone (iPhone or Android) and how you can use it to communicate with friends and family. Morning tea, coffee and cake provided.

The activity is located at Sherwin Rise Retirement Village, 40 Chetynd Grove, Wollert.

As it is the beginning of term 3 I have included a list of the classes that have vacancies at this stage. Enrolment can be either completed online or by contacting either myself or the office. There are still some great opportunities for mixing with friends over the next few months
